

## | THE CADET EXPRESS |

Hello Cadet,

We hope you and your families are safe and doing well. The past few weeks have changed our day-to-day activities completely. Most of us are now spending time at home with online classes/work, exercising at home, maybe even picking up that one old hobby again of cooking or reading books, even cleaning the house!

One thing we have all realised, though, is the **Power of Community**. We are seeing people helping each other in so many ways - ensuring safety by staying at home, delivering rations and food, helping NGOs, etc. And we are seeing brave NCC cadets actively volunteering during these challenging COVID-19 times. For NCC cadets, challenges and adventures are not new. We are prepared to take care of ourselves and support our communities too, right?

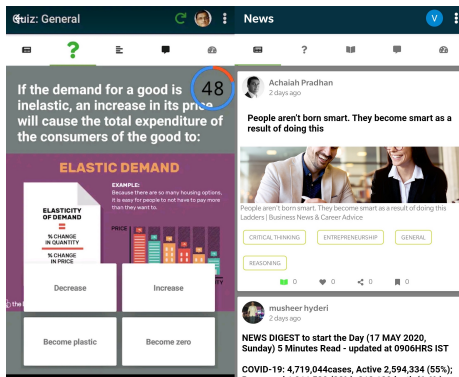

**So let's salute our brave civil soldiers-our Covid warriors!** Here are some [NCC activities during #COVIDTimes](#).

Here are some fun-and-useful things you can do right now, right from your phone.
